

WAR HAS SHIFTED TO UNION PACIFIC

Big Contest Over That Stock Now Raging in Wall Street

HILL SEEMS TO WORRY

Morgan Said to Have Ordered Him to Back Out of Northern Pacific.

FEAR IN THE STOCK MARKET

New York, May 14.—It looks to the Wall street men today as if the fight between the Harriman-Gould and Morgan-Hill interests for railroad control in the west has shifted back to the Union Pacific.

Immense buying in that stock is credited to the Morgan-Hill crowd as a retaliatory measure. The best information today is that the Harriman-Gould side has won the first round by gaining control of the Northern Pacific.

Hill appears to be worried. It appears that Morgan has sent him a peremptory message that he must go to Harriman, sue for peace and get out of the situation as gracefully as possible.

A general fear fills Wall street that the battle for Union Pacific stock looks so much like the disastrous Northern Pacific fight, that traders are holding off.

The stock market was irregular this morning. The Union Pacific continued to attract large speculative attention.

A spasm of liquidation struck the market just before noon and brisk selling caused sharp declines. Union Pacific dropped six points from the highest price of the morning, St. Paul 5, Missouri Pacific 5, Rock Island 4, Atchafalpa common 3 and 1 to 2 percent in other railroad shares. The market was weak and panicky.

Rothschilds Threaten Morgan.

London, May 14.—The story is current here to the effect that Morgan's consent to an easy settlement by English Northern Pacific shorts was secured only after he had been informed that the Rothschilds had threatened to crush him if he refused.

J. BASCOM ROBINS ESCAPES A TRIAL

Commercial Traveler Who Killed W. Fenelon, a Rhinelander Merchant, is Dead in Chicago.

Rhinelander, Wis., May 14.—The last chapter in the sensational murder case against J. Bascom Robins, the young commercial traveler charged with the murder of W. W. Fenelon, has closed.

District Attorney Walker received a telegram yesterday morning from M. B. Rosenberg of Wausau, attorney for the defendant, announcing the death of young Robins at the home of his uncle in Chicago. The trial of Robins was to have begun last week. The young man started west to answer the charge of murder, but when he reached Chicago was taken sick with pneumonia.

The crime with which Robins was charged caused a tremendous sensation all over the state. At one time there were threats to lynch the young man, but later developments in the case stirred up sympathy for the accused man. It was in August that the crime was committed.

SEVEN ARE DEAD AND SEVEN MISSING

City of Paducah Struck on a Mud Bar, Carcened Over and Sank in Thirty Minutes

St. Louis, May 14.—The steamer City of Clifton arrived here this morning with the survivors of the steamer City of Paducah. The officers say seven are known to have been drowned and seven missing, the latter being roustabouts. According to the pilot the vessel struck a mud bar, careened over on her side and then righted and sank in thirty feet of water.

An Earl Gets Damages.

New York, May 14.—The earl of Yarmouth this morning was awarded \$2,500 damages in his suit against a local paper which called him a poor actor and a fortune hunter.

634 Boer Homes Destroyed.

London, May 14.—The first statement given to the public today by the war office says 634 Boer homes and farms were destroyed by the British.

GOMPERS REPLIES TO SCHWAB

Denies That Labor Organizations Keep Men from Advancing.

New York, May 14.—Samuel Gompers, president of the American Federation of Labor, according to the Washington correspondent of the World, made a statement last night in reply to assertions by President Schwab of the United States Steel corporation, before the industrial commission, that labor organizations put all men on a level and prevent one from advancing unless all advance. Mr. Gompers said:

"It is a misstatement to say that we are endeavoring to fix one price for the wages of workmen of any one class. What we aim at is to establish a minimum of wages, below which a workman will not be obliged to labor. Because a minimum is established it does not follow that a worker cannot receive more than that."

"We are engaged in promoting the general welfare of the working classes and are aiming at their general improvement, rather than trying to get one preferred position for some particular individual. It may be true that there are cases where a laboring man advances beyond his collaborators, but it is usually at the expense of others. Better the conditions of the craft generally and all will profit."

PURCHASE OF BOOKS FOR TOWN LIBRARIES

State Superintendent of Schools Harvey Issues a Pamphlet Giving List by Miss Mae E. Schreiber.

Madison, Wis., May 14.—State Superintendent L. D. Harvey has just issued a pamphlet giving a list of books that may be purchased for township libraries. The list was prepared by Miss Mae E. Schreiber, library clerk who has resigned her position here to accept an important one in New York state.

The law requires the treasurer of every town to withhold annually from the apportionment of all school money ten cents for each person of school age residing therein, this money to be spent in the purchase of books for the township library. These books are to be selected from the list just prepared by the state superintendent.

The pamphlet contains many valuable suggestions for the benefit of teachers and others having charge of children and gives the most modern methods for the best use of libraries. A few words of comment follow the title of each book recommended for purchase. The pamphlet is carefully compiled and will make a valuable aid for anyone purchasing books for private or public purposes.

MURDERER CHISM PROTECTED.

McLean County Sheriff Stations Extra Guards Around Jail.

Bloomington, Ill., May 14.—Sheriff Johnson has extra guards at the McLean County jail as a precaution against any possible attempt to lynch Merritt Chism, who brutally murdered his wife in White Oak township. Chism, who occupies the hospital room in the jail, refuses to talk about the murder further than to say that his life ever since he married the woman had been unhappy. There is a growing conviction among Chism's relatives and acquaintances that he is insane. Various stories pointing to this are told, and beyond doubt the insanity plea will be the one adopted in his defense.

D. M. Barless is still confined to the house as the result of the serious accident which he suffered about fifteen days ago.

FRISCO'S WELCOME TO THE PRESIDENT

Official Entry of the Party Into the Golden Gate City.

ESCORTED BY TROOPS

Magnificent Public Reception Will Be Tendered McKinley and His Party Tonight.

MRS. M'KINLEY FEELS BETTER

San Francisco, Cal., May 14.—Mid the booming of cannon and the blowing of whistles President McKinley made official entry into San Francisco this afternoon. The president and party were met at the depot by a committee of citizens and driven to the reviewing stand escorted by six thousand regular and volunteer soldiers and uniformed secret societies.

After reviewing the parade, the president was driven to the Scott residence where his wife lies ill. Tonight he will hold a public reception. Thousands of strangers are in the city, which is elaborately decorated with flags, bunting and flowers. Much sympathy is expressed for Mrs. McKinley. Hundreds congregate about the Scott house many of them offering nostrums for her relief.

Mrs. McKinley Rested Well.

San Francisco, May 14.—Mrs. McKinley rested well all night, her sleep lasting until after seven o'clock this morning. There is every reason to believe that she will have recovered wholly from her indisposition by Saturday, the day of the Ohio's launching. The president is so well satisfied with her condition that he decided to rejoin the party at Stanford university this afternoon.

CONDUCTORS MEET AT ST. PAUL TODAY

Business Session of the Grand Division of the Railway Order—Con. test for Next Convention.

St. Paul, Minn., May 14.—Cincinnati, Pittsburg and Cleveland are contesting for the next meeting of the Grand Division of the Order of Railway Conductors in 1903. Cincinnati buttons were in evidence today among the many delegates already here for this year's convention. Cleveland is a candidate for the national headquarters for the next two years. It is now held by Cedar Rapids, Ia. The regular session will commence at one o'clock this afternoon at the Auditorium. It will be a business affair.

ARTHUR B. GOULD KIDNAPS HIS SONS

Oshkosh, May 14.—Arthur Baring Gould, who has been separated from his wife for a couple of years, arrived here from British Columbia today and kidnaped his two sons, aged 12 and 10 respectively, taking them to Chicago.

J. S. Sweeney and wife were Milwaukee visitors yesterday.

GRAND MISSION RALLY THURSDAY

Congregational Societies of Beloit District Meet in Janesville.

MEANS 32 CHURCHES

Many Prominent Women Both in Home and Foreign Work to Participate.

A FINE PROGRAM PREPARED

A grand missionary rally is to be held at the Congregational church in this city on Thursday afternoon and evening. It is the May rally of the societies in the Beloit district which belongs to the Woman's Board of Missions of the Interior and the Wisconsin Woman's Home Missionary Union. The home and Foreign Missionaries from the thirty-two Congregational churches in the Beloit district have been invited to participate in the rally and delegations are expected from the majority of them.

The Woman's Missionary societies of the Janesville Congregational church will be the hostesses of the day, and they will be assisted in the entertainment of their guests by the Loani band of King's Daughters. A cordial invitation to all the meetings is extended to the ladies of all churches and especially to the members of the missionary societies.

The meetings will be held in the church auditorium and many ladies prominent both in home and foreign work will take part in the program. Mrs. Moses Smith of Chicago president of the W. B. M. I., and Mrs. E. G. Uppike of Madison, state president of the home work will be among the speakers. Mrs. son, whose address will be one of the most interesting features of the meeting, is a returned missionary from Canton, China, home for a year's rest. Mrs. C. H. Taintor of Chicago, is well known here, having visited frequently in this city.

The evening session of the rally will take the place of the usual prayer meeting of the Congregational church. At noon the ladies of the church will serve dinner in the church. At noon the ladies of the Loani band waiting on the tables and the local societies remaining at the church for dinner and a social hour with the visitors. The hostesses will take their guests home for supper and a brief season of rest after the afternoon session. A pleasing feature of the afternoon session will be the singing of the children's choir of the local church and it is very probable that a children's meeting, to be conducted by Mrs. Nelson, will be added to the program for the day, which has been arranged as follows:

First Blood at Albany.
Albany, New York, May 14.—The first blood of the street car strike was shed this morning. The second car was stopped by the strikers and the motorman badly injured. The wires were cut and obstructions placed on the track.

MONEY POWER TO MEET.

London to Ring with Jingle of Gold at a Banquet.

New York, May 14.—A dispatch to the Herald from London says: The banquet to be given by the London chamber of commerce on June 5 will mark the friendly union of "the principal men of commerce in England, France, Germany, Holland and America." It is an endeavor to cement the friendship which has long existed between the two countries. Most of the greatest commercial houses in Europe will be represented, while from America come some twenty-five millionaires, headed by Mr. J. Pierpont Morgan, Mr. Carnegie and Mr. Morris K. Jesup, the president of the New York chamber of commerce.

The entertainment of the American visitors, of which the banquet at Grosvenor hall is the most prominent feature, promises to be on a scale hitherto quite unsurpassed. There will be a reception by the lord mayor in the Egyptian hall of the Mansion house on Friday, while Lord Brassey and others will give garden parties. The details of two other important functions have yet to be decided on.

Altogether, this festival of commerce will last for the greater part of a week.

VERY SHORT SESSION HELD LAST NIGHT

The Veto of Mr. Frost's Mortgage Bill Occasioned a Great Deal of Surprize Among Members.

Madison, Wis., May 14.—Both houses of the legislature met for a short session last evening, with a few members in their seats. The roll could not be called in either house as it would have disclosed the lack of a quorum. The senate came very near to having a quorum, there being fourteen members present. In the assembly there were twenty-one members present.

Chairman Hutton of the committee on enrolled bills, reported thirty-two measures to the senate as correctly enrolled. Fifteen bills were reported to the assembly as correctly enrolled. The governor had no message for the senate and it adjourned after a very short session until ten o'clock this morning.

The veto of Mr. Frost's bill occasioned a great deal of surprise. Mr. Frost had labored diligently to pass it against great odds, and it was understood that the governor had been consulted and that it had his approval.

The session laws this year will run up to about 475 of which 396 have gone to the secretary of state's office and 344 have been published. The governor sent in fifty-two bills yesterday. In the last two sessions Governor Scofield waived his right to the three days for consideration, and the legislature worked up to the final hour of adjournment.

BADGER VETERANS FEEL INDIGNANT

Failure of the Legislature to Approprate Money to Sustain the Waupaca Home.

Milwaukee, May 14.—The old soldiers of the state are greatly stirred up over the failure of the legislature to appropriate the sums necessary to sustain the state veterans' home at Waupaca. Instead of the usual \$50,000 the committee on claims, in a burst of economy, cut the appropriation down to \$20,000.

Even this small appropriation, it is said, would have been lost had there been an attempt to raise it, as the matter had been delayed so long by the committee on claims. Under the present conditions the home will have hard work to keep up with its necessary expenses during the coming two years, and the parsimony of the legislature is denounced in vigorous terms by the veterans.

It is believed that when the annual encampment meets at Sheboygan in June some caustic resolutions will be forthcoming in which the respects of the soldiers to the legislature will be paid in no complimentary terms.

WHEELER DEFENDS CHIEF BLACKBIRD

United States District Attorney Says the Game Laws Do Not Apply to Indian Reservations.

Ashland, Wis., May 14.—United States District Attorney Wheeler of Madison appeared in defense of Chief Blackbird of the Chippewa Indians in the municipal court yesterday. Blackbird was arrested for fishing with a net in trout streams. Attorney Wheeler's defense was that Blackbird was a Chippewa had treaty rights on his own reservation, in hunting and fishing, which the state laws could not reach. Judge Smith fined the Indian and Attorney Wheeler will secure a writ of habeas corpus. The case will be fought out at Madison.

MACHINISTS HAVE ORDERED A STRIKE

All Shops in Milwaukee Will Be Closed Next Monday.

TROUBLE IN CHICAGO

Serious Union Labor War Is Likely To Extend All Over the Country.

UPRISING IN MANY CITIES

Milwaukee, Wis., May 14.—From the best information gathered among the labor leaders of this city, the troubles of the machinists and their employers will culminate next Monday in a strike that will involve several thousand men in the leading industries of the city.

They say that there seems to be no likelihood of a compromise, although inducements, it is said, to come to a better understanding have been suggested by the employers. When the machinists go on a strike in Milwaukee, May 20, as they will be ordered to do, according to Business Agent Holmes, 3,000 men in this trade alone will be ordered to lay down their tools.

This will close several big shops; in fact, it will practically close every big shop in town where machinery is made.

Machinists Are to Quit.
Chicago, May 14.—Chicago is to be included in the general strike decided upon by the International Association of Machinists. The strike order will be in effect next Monday, and the call for abandonment of work will include the workmen in all the shops throughout the country that have not by that time agreed to a nine-hour day and to 12 1-2 per cent increase in wages. In case no agreement is reached 4,000 machinists and 200 shops in this city will be involved in the proposed strike.

Raises Machinists' Wages.
Topeka, Kas., May 14.—After a conference with a committee representing the International Union of Machinists, the Atchison, Topeka & Santa Fe railroad, through General Manager Mudge, has agreed to raise the wages of shopmen along the entire system.

May Lock Out Bricklayers.
New York, May 14.—A general lock-out of 7,000 bricklayers in this city may take place within twenty-four hours. The trouble began over a strike on the Stokes' apartment house, now building at Broadway and 74th street.

Strikers Fail to Agree.
Albany, N. Y., May 14.—Anthony N. Brady, one of the most influential directors of the Union Traction company, returned to New York today. He was unable to bring about any settlement. The company will not yield to the demands of the striking employees.

Seamen's Union Strikes.
London, May 14.—The Seamen's union of Amsterdam has proclaimed a general strike for an increase of wages, and it is expected that other ports will join.

Striking Miners Resume Work.
Hazleton, Pa., May 14.—The men at the Ebervale colliery of G. B. Markle & Co., who struck several days ago because of the discharge of one of their number, resumed work this morning.

GOVERNOR PROPOSES TO STOP THE FIGHT

Orders the Oshkosh Officials to Prevent the Root-Carter Mill on Thursday Evening.

Madison, Wis., May 13.—Governor La Follette today wrote the sheriff and district attorney of Winnebago county ordering them to permit no fighting, and instructing them especially to prevent the Root-Carter mill advertised to be pulled off at Oshkosh next Thursday evening.

This is the second time he has warned the Winnebago officials to prevent prize fighting in Oshkosh. A number of the leading citizens of the Sawdust city petitioned the governor to prevent the Root-Carter fight.

Authorities Will Not Interfere.
Oshkosh, Wis., May 14.—The Oshkosh and Appleton promoters of the Root-Carter boxing match, which is to take place here Thursday evening express themselves as confident that there will be no interference from the authorities. No word has been received from the governor or from Madison in regard to the matter, and none is expected.

Likes the Old Boat.
Weymouth, May 14.—Lipton's optimism regarding the new challenger is weakening. He thinks the old boat has improved surprisingly.

MRS. LOUISE ANDREWS LAWSON,

Corresponding Secretary Wisconsin W. C. T. U.

Mrs. Lawson is a Wisconsin woman by birth. Of her it may truthfully be said, "She is a strong character." She has long been identified with philanthropic and reformatory work. She is an active member of the Woman's Foreign Missionary society, and has been its treasurer for twenty-three years. Her temperance principles are firmly established; with her there is no middle

ground and she is an earnest advocate of the resolution which declares "license, high or low, a sin." She is radical, decided, fearless and practical.

Mrs. Lawson has occupied the position as corresponding secretary of the Wisconsin W. C. T. U. for nearly five years and has done much to place the organization on a practical, business basis.

PASSED OVER THE MAYOR'S VETO
ELECTRIC LINE FRANCHISE GIVEN

Council Would Stand No Delay in the Beloit, Delavan Lake and Janesville Matter--Three Points Objected to in Richardson's Veto.

Mayor Richardson fulfilled the promise he made the council two weeks ago when the Beloit, Delavan Lake and Janesville electric railway franchise was passed. At that time he told the council he would veto the ordinance and last night he kept his promise.

The matter came up at the regular meeting of the council and Mayor Richardson returned the ordinance unsigned to the council. He presented a lengthy message giving his reasons for his action. He made objections to the way in which the poles might be set, the kind of rails that were to be used and the carrying of freight under the provisions of the ordinance, but takes occasion at the end of the message to remind the council that they did not see fit to wait and allow objections to the franchise to be filed.

Mayor Richardson's Veto.

The burden of Mayor Richardson's plea in the veto of the electric road franchise was the fear that the road might eventually be used to run a freight traffic through the city.

He starts in with objections to the section giving the company the privilege of erecting poles to carry wires for the purpose of furnishing power to sell, also to the tee rail section which does not reserve the right to the city to change any time in the future. Then he goes on:

"My chief objection to the ordinance is the broad rights given by section 1 of the franchise. I am of the opinion that under this franchise as granted, the company would have the right to haul freight and I do not believe that the hauling of freight through the streets of a city was contemplated by many people who may have favored this franchise."

"The rights thus given to this company are all that would be required by any steam railway company and could be secured by such railway only by purchase or condemnation and at a cost of many thousands of dollars."

"The carrying of freight by this road will damage property abutting on streets over which they run fully as much as the carrying of such freight by a steam road and the property owners will have no such redress as they would if the road were operated by steam."

"The gentlemen asking for the franchise may claim that they do not intend to carry freight but if such is the case they should have no objection to having the matter clearly set forth in the franchise. The franchise should clearly state that the road will carry only passengers and that if at any time in the future they desire to carry freight and to exercise such rights as are granted to steam roads they will secure such rights according to the methods laid down by the statutes."

"The above are my chief objections to the franchise but before leaving the matter, I also desire to express my disapproval of the way in which the franchise was railroaded through the council. The franchise as passed was never published and the changes made in the original were unknown except to a few interested parties up to the time when the franchise was presented to this council. Then without giving citizens whose property may be injured and whose rights may be violated any chance to enter an objection, the franchise was given its first and second reading, the rules were suspended and it was put upon its final passage."

"Although the promoters of this road have almost a year's time in which to decide whether or not they will invest one dollar toward using this franchise they with their supporters in this council deliberately refused even one day's time for consideration to property owners of this city, who asked for that time in which to examine it and determine if under it their rights were safe. This is a most arbitrary way of overriding individual rights and of disposing of valuable public concessions in which every citizen is interested."

Passed Over the Veto.

The mayor's message was received with a grim silence that showed the council had plans of its own in regard to the ordinance. At the close of the general business Alderman Fife called for the ordinance granting a franchise to the Beloit, Delavan Lake and Janesville electric road and moved that it be passed over the mayor's veto.

Aldermen Gilkey, Fife, Rice, Hemming, Kothman, McLean and Hutchinson voted for the passage of the ordinance. Judd and Valentine voting against it.

Before voting Alderman Valentine stated that he had no objections to the passage of the ordinance. He said: "I do not know of anything in it particularly objectionable, but think it should have been given more consideration. I therefore vote no."

The required number of votes being cast the ordinance was declared passed and as far as the city is concerned the matter is settled for fifty years to come.

TALK THEOLOGY IN SECRET

Congregational Ministers at Beloit discuss "Doctrine of Incarnation."

Beloit, Wis., May 14.—The third annual session of the Chicago Congregational divines began last evening and will continue through Wednesday. The topic under discussion is "The Doctrine of the Incarnation." The sessions are private, but an endeavor is being made to have a public meeting this evening, when speakers of prominence will deliver addresses.

OLD SWISS COLONY
BECOMES A VILLAGE

The community at New Glarus, in Green county, which formerly had a special reputation because of its Swiss colony and the degree to which the customs and ways of the old country were preserved, voted the past week to incorporate, the vote standing 88 in favor of adopting the village form and 39 against. Heretofore the village and township have been one, but the village now takes on affairs of its own. The need of fire protection as shown through the burning down of Mr. Jaeger's house last fall, was one of the circumstances which stimulated the feeling in favor of village incorporation. The expectation is that not only efficient fire protection but better streets and sidewalks and other conveniences will follow, according to the convenience of the people.

New Glarus village is undergoing steady improvement. Within a short period over thirty houses have been built, a \$10,000 school building, a \$15,000 church and a creditable hotel; and improvements of similar importance are now under way. The population is over 600. New Glarus is a great shipping point for live stock, sending out five cars quite regularly every Monday. It is also the center of a great cheese industry Thursday being shipping day, about three carloads being forwarded from that point every week.

HE WAS AN HONEST MAN.

Wisconsin Citizen Wants to Contribute to Science Fund.

Whiting Allen, press agent of the Forepaugh show, tells the following: The general manager of our show, the Forepaugh and Sells Brothers' great consolidated circus, now playing at the Garden, got a conscience letter today.

It read like this:

"When the Forepaugh show was in Burlington a few years ago, I think before the consolidation with Sells Brothers, I worked for a man in the morning and thus worked my way into the show. After I was through working the man told me to get another boy when I came back in the afternoon and he would let me in for 25 cents. I am not positive that I got another boy or not, but I think I did."

"Since then I have thought it likely that he put our quarters into his pocket, and if he did so I was helping him to cheat the owner or manager out of 50 cents, which I should not have done, and I write you to ask you to whom I should send the 50 cents, for, being a Christian, I want to make it right. Let me know as soon as possible. Very respectfully,

ROBERT PORTER,
"Burlington, Wis."

What do you think of that for an honest man?—N. Y. World.

Biliousness is a condition characterized by a disturbance of the digestive organs. The stomach is debilitated, the liver torpid, the bowels constipated. There is a loathing of food, pains in the bowels, dizziness, coated tongue and vomiting, first of the undigested and partly digested food and then of bile. Chamberlain's Stomach and Liver Tablets allay the disturbance of the stomach and create a healthy appetite. They also tone up the liver to a healthy action and regulate the bowels. Try them and you are certain to be much pleased with the result. For sale by Peoples Drug Store and King's Pharmacy.

MISS MAUD BRACE
ATTRACTS NOTICE

The Musical Leader of Chicago Says Says She Has a Voice Admirably Adapted to Concert Work.

Miss Maud Brace, daughter of Mr. and Mrs. O. D. Brace of the town of Janesville and well known in this city, where she was employed for some time as stenographer for Sutherland & Nolan, is attracting favorable attention in Chicago musical circles. The Musical Leader, published weekly at Chicago, under date of April 25, says: "Among the talented pupils of Mr. Alfred Williams is Miss Maud Brace of Wisconsin, who is the possessor of a high, clear, soprano voice of beautiful quality, and admirably adapted to concert work which she contemplates for next year."

Miss Brace had never given much thought to her voice and had studied but little until she came to this city, where its rare quality was immediately recognized. It finally attracted the attention of Prof. W. F. Gaskins, and on his advice, seconded heartily by that of other competent critics, Miss Brace finally decided to go to Chicago to study vocal music. The kindly criticism the Musical Leader shows that the event has proved the wisdom of her decision and her many friends will hear of her successful progress with pleasure.

Beware of a Cough.

A cough is not a disease, but a symptom. Consumption and bronchitis, which are the most dangerous and fatal diseases, have for their first indication a persistent cough, and if properly treated as soon as this cough appears are easily cured. Chamberlain's Cough Remedy has proven wonderfully successful, and gained its wide reputation and extensive sale by its success in curing the diseases which cause coughing. If it is not beneficial it will not cost you a cent. For sale by Peoples' Drug Store and King's Pharmacy.

DISGRACE TO HARVARD.

Harvard college has succeeded in making another spectacle of itself, and will suffer, as it should, in consequence. Not long ago this high toned institution of learning decided that it would be a waste of time to be represented at the inauguration ceremonies of the president of the United States. Football was not on the program as one of the attractions, which doubtless, influenced this course of action.

One day last week the overseers of the college were called to Boston to decide as to whether the "great university" could afford to confer the degree of L. L. D. upon President McKinley, when he visits the school next month. The matter was of such serious importance as to elicit discussion, a small minority opposing it.

The opposition was led by Charles J. Bonaparte of Baltimore, a man of some worth, and an alumnus of Harvard. In defending his vote he said that he did not consider the president worthy of the honor. That in his judgment, his public service and individual character as shown by his official acts, rendered it improper for the "great university" to confer the degree upon him.

The Milwaukee Sentinel sizes the erratic overseer up as follows:

"Mr. Bonaparte is an American citizen and as such has a right to question the acts of the president of the United States. Mr. Bonaparte is one of the overseers of Harvard university and has the right to vote against conferring the degree of L. L. D. upon the president of the United States. In his exercise of these two rights, however, he has earned the contempt of every loyal citizen of the country."

Every man who is entitled to cast a vote on American soil enjoys the same rights to feel and express his opinion as Mr. Bonaparte has of expressing his views of public men. It is difficult to understand upon what ground Mr. Bonaparte criticizes the official acts of the president other than his general claim to American citizenship which he shares in common with 70,000,000 of people.

"Mr. Bonaparte is an alumnus of Harvard university and is supposed to be a man of some wealth. His individual record as a public man consists entirely in criticizing the acts of men who do things for their country because they do not adopt his theories and beliefs."

"As a public man Mr. Bonaparte has never advanced beyond the stage of a theorizer, a scold and a snob. The United States never has and never can be a good enough country for Mr. Bonaparte to live in. Mr. Bonaparte, however, will continue to fix his own status among our people, and he is the least important factor in the attitude of the overseers of Harvard university toward President McKinley."

"The fact that Harvard university should have a single overseer to object to conferring the degree of L. L. D. upon the president of the United States is a disgrace to that institution. For many years past the attitude of Harvard university, as expressed by its overseers and faculty upon national questions, has been hypercritical, radical and unpatriotic. The spirit that actuated the few overseers who voted against conferring the degree of L. L. D. upon President McKinley has recently pervaded the management of this great university. If un-American ideas are to prevail in Harvard university American sons of American parents will go elsewhere for their university training. Americans wish their sons to become men who will think, act, and work, and not snobs who will simply theorize and scold."

"The published interview with Mr. Charles J. Bonaparte is a damaging one for Harvard university and it will take a long time to make the American people forget it."

The criticism is just and will be generally endorsed. American colleges need weeding out of the disloyal element that poison the minds of young men and send them out into life totally unfit to assume the responsibilities of American citizenship.

CAUSE FOR REGRET.

It is to be regretted that the closing hours of the legislature could not have been devoted to healing, rather than widening the breach occasioned by the discussion of the primary bill.

It has been apparent to casual observation during the entire session that the friends and opponents of the measure were strongly opposed to each other, but back of this knowledge, was the hope entertained by the rank and file of the party throughout the state, that wise council, and conservative judgment would prevail.

There is nothing more unfortunate

than a family quarrel, and internal strife in a party is always to be regretted. No one is benefited by it, and the party always suffers.

The record of the session has been written, and the volume closed. There are some chapters that will be referred to with regret, but in spite of this fact, it is possible for the party to work together harmoniously, every effort should be exhausted in the interests of party welfare.

The state of Wisconsin is a republican state. The party is entitled to govern it because backed by a majority of the voters. The party can ill afford to weaken its strength by dissensions. There is nothing gained but democratic applause, which has no significance except a desire to damn the party.

The immediate future of the party will be determined by the wisdom displayed, and a spirit of conciliation necessary to heal scars, and narrow breaches that are painfully apparent.

Another senseless strike is under discussion by the machinists and iron workers. A year ago it was the carpenters and builders. These labor disturbances, coming at this season of the year, and especially in these times of general prosperity, are inexcusable, and the men engaged in them are the worst sufferers. This is the time to work. Enforced idleness will come soon enough and a strike will not be necessary for a holiday.

President Earling of the Milwaukee road, George R. Peck, general solicitor and a dozen other Chicago men of that class, endorse the sentiment regarding education expressed by Charles M. Schwab, in his talk to New York working boys. These men are practical and successful artists in the great industrial world, and their statements will be generally endorsed.

The mock session of the assembly was harmless. Many of the bills introduced, however, were as sensible as much of the work of that august body during the regular session. It is doubtful if the state ever enjoyed the distinction of just such an organization. Four months to one defeated bill is not a record to be proud of.

GOOD FISHING AT LAKE KOSHKONONG

Set Lines Interfere Considerably With the Fishermen—Game Warden Should See to Them.

Fishing at Lake Koshkonong is first-class just at present. A number of fishermen from this city have visited the lake within the last week or two and have made good catches.

The most of the visitors to the lake complain of the fact that there are a large number of set lines with anywhere from ten to one hundred hooks on each line set all over the lake from Newville to Black Hawk. They are continually catching the hooks of the fishermen that are out in boats casting and trolling. They are not only a great nuisance to people fishing in a legal way, but they are in direct violation of the fish and game laws.

The state game wardens could spend a little of the surplus money derived from licenses and other means to a good advantage by sending a warden or two to the lake and letting them clean up the nest of lines and possibly catch a few of the owners running them. The set line business at Lake Koshkonong has come to be a regular nuisance and those who are willing to fish legally should be given the protection the law affords.

TO COMPLETE WORK ON COURT STREET

George Cannon of this city and Hook & Cummings of DeKalb, Ill., who had the contract for doing the cement on Court street under John Martin will go to work and complete their contracts. The balance of the work will be done by the city under the supervision of Charles Abrams, who had charge of the work for Martin. There is no hope of getting Martin back here to do any more work and the city will complete the contract and call upon his bondsmen to make up the loss. Contractors of Martin's stamp should be given a wide berth by the city hereafter.

Herbert Rusch Funeral

The last services over the remains of Herbert Rusch, the young man who was killed by the cars on Sunday last, were held from the family residence at 6 Gore street at two o'clock this afternoon. Rev. W. W. Woodside, pastor of the First M. E. church officiated and made many touching remarks. The services were largely attended by relatives and friends of the deceased who also made many beautiful floral offerings. The interment was at Oak Hill cemetery.

Mary Ann Dawson

The funeral of the late Mary Ann Dawson was held from St. Mary's church this morning at 9 o'clock, the Rev. W. A. Goebel officiating. A number of relatives and friends gathered at his time to pay their last respects to the deceased. The interment was at Mount Olivet.

NEW PASSENGER STATION CERTAIN

The St. Paul passenger station at High street is now a certainty. The petition presented to the council last evening by the residents of that street asking them to vacate all but the east thirty feet of the road has settled the question as far as the property owners are concerned.

There is no doubt but that the council will pass the ordinance at its next meeting and give the railroad company a chance to go on and build the station.

The company are desirous of doing this and will build as soon as other matters will allow. It will take about three months to erect the station and there is no question at that they will be completed by the time winter sets in. It will be a great convenience to the traveling public and an ornament to the part of the city in which it is located.

WILL MACADAMIZE PROSPECT AVENUE

Prospect avenue from Bluff street to Main street will be macadamized by the St. Paul company if the ordinance changing the grade of the street from its present grade to the one asked for by the company is passed at the next meeting of the council. The proposed change in the grade will lower the surface of the street about two feet from what it is at present, but will be nearer the slope of the hill east of Bluff street than it is at present. When it is macadamized no one can ever tell that the grade of the street has been changed.

COST OF THE LAWMAKERS.

Europe's Parliaments Are Expensive Luxuries to the Taxpayers.

The most expensive parliament in Europe is that of France, which costs \$1,500,000 a year. The French people are very well represented. There are 300 senators and 584 deputies, a total in excess of 800. Each receives a salary of \$1,800 a year. In the United States the ninety senators and 360 congressmen are paid \$2,500,000 in salaries. The members of the British parliament serve without salary. The incidental expenses of this body last year were but \$260,000. The German reichstag, with its two branches, costs the voters on an average \$100,000 a year. Russia has no parliament in the American or French sense, so that this item is entirely saved. The legislators in the Italian parliament receive no salaries, but have free transportation on railroads. The cost of the Italian parliament last year nevertheless was \$420,000. The salaries of lawmakers in many parts of Europe seem trifling, according to American standards. In London, for instance, there are 150 members of the upper and 250 in the lower branch. The former get no pay at all and the latter but \$300 a year. And if any session lasts longer than four months they are paid at the rate of \$2.50 a day additional. The parliament of Holland comprises 150 members in the two houses. Members of the upper house receive \$4 a day and of the second body \$800 a year and mileage. The parliament of Holland costs \$300,000 a year. The most scantily paid of any of the regularly salaried lawmakers are those of Austria. There are two legislative bodies for Austria, one meeting in Vienna and one in Buda-Pesth. The total cost is \$800,000 a year. An Austrian law provides that the members receive 10 florins, or \$2, a day.—Ex.

MEMORIAL DAY IN COURT HOUSE PARK

Sargent Post Invites Company I and Soldiers of the Spanish-American War to Participate.

The Memorial day program will be held in the court house park on Thursday afternoon, May 30, the plan proposed by the arrangement committee having been adopted by W. H. Sargent Post, No. 20, G. A. R. The Post has also voted to invite Co. I, W. N. C., and the soldiers of the Spanish-American war to participate in the parade which will precede the exercises. No attempt will be made to have the parade a long and imposing one and it will be entirely military in its nature. All other details for the day's observance will be left with the committee on arrangements.

The decoration of the graves of the soldier dead will be attended to by their surviving comrades without public ceremonies in the forenoon. Shortly after noon the parade will form and follow a short line of march which will terminate at the court house park where the exercises will be held.

The committee will give the greatest part of its attention to making the public program one of the strongest and most attractive ever given in honor of the day. It will probably be given from the east steps of the court house, that portion of the park surrounding these steps being a natural amphitheater and well adapted for the accommodation of a large audience. It is very probable that seats of some kind will be provided.

The program is to be especially fine made so by able and inspiring addresses and excellent music. This new plan of holding the program in the park instead of at the cemetery has met with general favor and commendation and the exercises are sure to be enjoyed by a much larger audience than ever before.

Naturally many people will visit the cemetery to care for precious graves, but their mission can be accomplished quietly and at any time during the day. There will be no large crowd to trample thoughtlessly over well-kept mounds as is always the case when there is a large parade and exercises at the cemetery stand.

BASE BALL GAME FRIDAY AFTERNOON

Beloit College Team Will Meet Knox College Team at Athletic Park—A Hot Game Expected.

Cuts of the interior plans and elevation of the Janesville High school together with complete information regarding the building have been sent to Oshkosh in response to a request from the editor of the Daily Northwestern in whose columns a description of the Janesville school will shortly appear.

The Oshkosh high school, which was recently destroyed by fire, was an old fashioned and inconvenient building whose destruction will result in practical gain and benefit to the city. The city council has immediately taken action and has instructed the school board to erect a building in its place not to cost less than \$65,000. Plans will be prepared on the basis of \$100,000 and the arrangements will be made for from 800 to 1,000 pupils.

The letter which Supt. Mayne received asking for information paid a very nice compliment to the Janesville building. The writer stated that he understood that this city had a model high school building and the Northwestern wished to give as many facts as possible concerning it so as to show the people of Oshkosh what a model school contains. It is thought that the information will be of great value to the Oshkosh school board.

NEW SIDETRACK BY MILWAUKEE ROAD

The Chicago, Milwaukee & St. Paul road will build a side track from their Mineral Point division to the Janesville brick yard, located on Pleasant street near the city limits. The work will be commenced the fore part of next week.

The plant is owned by F. E. and J. S. Fifield and the plant has grown to such proportions such they took hold of it that a track is a necessity.

They have purchased a strip of land from Pleasant street to the right of way of the road so that the track will be wholly upon their own land.

In the Municipal Court.

Three persons charged with being drunk and disorderly were taken into the municipal court by Chief Hogan this morning. Otis Walkley was given the choice of paying \$9.30 in the city funds or going to jail for twenty days. He took the latter.

William O'Neil got \$6.10 or fifteen days. He had the money and paid up. James Amer was given \$6.10 or twelve days. He went to jail.

A special meeting of the W. C. T. U. will be held at Mrs. Kearney's in the Jeffris flats this week, Wednesday, May 15, at 3 o'clock sharp.

Wanted at once—two helpers. Slightam & George, plumbers, 5 North Franklin street.

C. H. Burgess is a partner, instead of an employee, in the firm of Ferris & Burgess.

Clara Barton Garrison No. 6, will meet at West Side Odd Fellows' hall tomorrow evening at 7.30.

This week at the store of Amos Rehberg & Co., men's suits worth from \$12.50 to \$15, are offered at \$8.89 per suit.

Some of the neatest costumes of the season will be seen at East Side hall this evening at the Rebekah calico party.

Clothing buyers should not fail to investigate the \$8.89 suit sale at Amos Rehberg & Co's, which sale opened this morning. Suits worth from \$12.50 to \$15, go at \$8.89.

Another \$1 Smyrna rug bargain sale is on at Bort, Bailey & Co's dry goods store. These rugs are regulation size and are well made. Several patterns to select from. This is your last chance on this \$1 sale.

The fact that we have disposed of 800 Smyrna rugs at \$1 each, should be sufficient proof that the public know a real bargain when they see it. Again we offer another lot at \$1 each. See window display. Bort, Bailey & Co.

A special business meeting of the Y. P. S. of Trinity church will be held in the Guild hall this evening at 7 o'clock sharp.

The price we make on ladies' tailor made suits, separate skirts and Etton jackets calls trade this way: T. P. Burns.

W. B. Jerome of the New York Central railroad is the guest of his mother, Mrs. S. M. Jerome, of South Jackson street.

There will be a meeting of the Knights of the Globe this evening at 8 o'clock at East Side Odd Fellows' hall. All members are requested to be present, as there will be work of importance.

A fine shepherd dog belonging to Mrs. Elizabeth Loudon was run over by the South Main street car this morning and killed.

Watts & Bagley have purchased the Harry Reynolds barber shop on East Milwaukee street and will be pleased to meet all old customers and all the new ones who will favor them.

The Presbyterian C. E. society this evening will hold a business meeting at the home of the Misses Hanson, 113 Terrace street. Reports of committees and election of officers will be followed by a social time.

During the past four weeks 1,500 pounds of coffee was sold by the Brooks Cash Tea company. A dray load of empty cans in which this large shipment of coffee was made were returned to Chicago this afternoon.

E. H. Murdock of this city has rented the building at the corner of Franklin and Wall streets and will occupy both floors with a full line of machinery, carriages and harnesses. The building has a total floor space of 160 square feet. Mr. Murdock for twelve years was engaged in the harness business in Janesville and is well known throughout Rock county. His many friends will wish him success.

Judgment of foreclosure was rendered today in favor of Archibald Woodard, Jr., et al., against Archibald Woodard and wife for the sum of \$32,000. An order of sale was made in the partition case of Ryan vs. McManus. The partition sale in the case of Miles Fenn vs. J. B. VanAlstine, was confirmed.

The scenery which was a part of the All Souls church property, has been given by the society to the Janesville High school. This donation does not do away with the necessity for purchasing new scenery as that which has been presented to the school does not fit the opening but it will be of great value as supplementary settings and the gift is heartily appreciated.

JENNINGS WILL BE LIBRARY ARCHITECT

Will Go to Work at Once and Prepare Some Sketches to Submit to the Library Board.

J. T. W. Jennings, the architect of the University of Wisconsin, who has been asked by the library board to take charge of the architectural work on the new library building, was in the city yesterday and while all the arrangements are not definitely settled it is practically decided that Mr. Jennings will be the library architect.

An informal meeting of the plans committee was held yesterday afternoon for the purpose of conferring with Mr. Jennings. The object of the meeting was largely to give Mr. Jennings some definite idea of the things which the library board feels must be incorporated in the building. There was a general and informal discussion on the plans and Mr. Jennings finally proposed that he would go to work at once on some sketches to be submitted to the committee. Some time ago Mr. Jennings drew some suggestive plans merely as a guide to be used by the committee and it is very probable that the same general plan of arrangement will be followed in the plans which will be accepted by the board. The majority of the members of the board were very much pleased with this suggestive set of plans although several changes of detail have been proposed. Mr. Jennings understands pretty thoroughly the ideas of the committee concerning the requirements to be regarded in planning the building and the board feels confident that he will execute its wishes in a highly satisfactory manner. He has been instructed to get the plans ready as soon as possible.

F. D. SUGHRUA HAS GONE TO ST. PAUL

Goes as a Delegate From the Janesville Lodge to Conductors' Convention in Minnesota City.

Mr. and Mrs. F. D. Sughrua of 58 Jefferson street left this noon for St. Paul, where they will spend the next few days very pleasantly. Mr. Sughrua, a veteran conductor on the C. & N. W. R. R., is a delegate from Bower City Division, No. 113 Order Railway Conductors' to the twenty-seventh biennial session of the Grand Division, O. R. C., of United States and Canada. The opening session of the biennial was held this afternoon. Mr. Sughrua has been an officer of the local division for the last twelve years and this is the second time that the division has expressed its confidence in him by sending him as its representative in the biennial session.

MR. MAYNE PRESIDES OVER LAST MEETING

Finishing Up Business of Public Schools—Several Teachers Expect to Attend Summer School.

The last meeting of the public school teachers to be presided over by Supt. Mayne was held at the High school building yesterday afternoon at four o'clock. Supt. Mayne presented information concerning the summer school at Chautauqua and several teachers signified their intention of attending. The Chautauqua assembly opens this summer on July 3 and closes August 29. The summer school will be conducted from July 6 to August 16. It is very probable that several Janesville teachers will make up a party to attend.

Miss Nettie Kent, who has just returned from Florida where she spent the winter, has resumed charge of the eighth grade of the Washington school and received a warm welcome from her pupils. Miss Alice Whiffen has been transferred to the Adams school to fill the place made vacant by the recent resignation of Miss Gertrude Spencer.

DIVORCE CREATES A BIG SURPRISE

Edgar Bundy Secures Separation from Nellie Bundy—She Was Known as Miss Nellie Peters.

In the circuit court today Judge Dunwiddie granted a divorce to Edgar Bundy from Nellie Bundy on the ground of mutual separation. The parties were married about twenty years ago and had not lived together for the past sixteen years. They were satisfied that they would be better off if the separation was legally sanctioned. The defendant in the case is better known as Miss Nellie Peters and resides in the First ward. Very few people were aware that she had ever been married and was supposed by the most of her friends to be a single woman. This action will create quite a surprise among her friends.

CONFERS WITH REBEL CHIEF

Funston Has a Talk with General Lucban,

WHO PROMISES TO SUBMIT.

Others May Follow—Commanders Being Given Time to Surrender Their Forces—Fagan Not Captured—Official Discipline Enforced in the Islands.

Manila, May 14.—General Funston has had a conference with General Lucban of the insurgent forces in the north at Penaranda, in the province of Nueva Ecija. The rebel leader promised to surrender with the entire command in a few days. The paramount issue of the military situation in the north is to secure the surrender of all the rebel leaders. Consideration is being shown towards them and time is being allowed for the commanders to gather their forces and surrender with their arms. By doing this they will obtain equal privileges with others who have already surrendered. It is believed that if General Mascardo surrenders others will follow his example. There are reports that bands of Ladroneas are collecting in the province of La Infanta. The persistent reports of the capture of Fagan, the troublesome negro renegade from the Twenty-fifth Infantry, are officially denied.

Army Officers Rebuked.

The military officials generally are seconding the civil settlement of affairs in the provinces, with the notable exception of the province of Bataan, where Major William P. Vose, commanding the Sixth artillery, has sought to enforce his own ordinance to collect taxes, and has not authorized civil government in the province. General MacArthur has ordered Major Vose to cease his unauthorized assumptions of authority. The United States Philippine commission finds that the internal-revenue collections in most of the provinces are not sufficient to support the provincial governments until the beginning of the collections of land taxes a year hence, and appropriations of \$2,000 to \$3,000 will be made from the insular treasury in favor of several of the provinces. These appropriations will be considered to be loans. In addition, the provincial laws will be amended so as to require a sedula of 1 peso from all males over 18, half of which will go to the province and half to the municipality. A civilian, Sylvester O. Fletcher, an employee of the depot quartermaster, has been sentenced to five years' imprisonment in Bilbid prison (Manila) for selling government bacon and coffee.

Ask a Respite for Keith.

Laporte, Ind., May 14.—Attorneys for Joseph D. Keith, sentenced to be hanged at Michigan City Friday, May 24, will argue before the supreme court a motion asking the court to stay the execution of the death penalty until long enough to allow the preparation and filing of briefs and examination of the transcript record. This is the first case since 1893 in which the death penalty has been asked to be stayed.

Debts, \$577,257; No Assets.

Utica, N. Y., May 14.—Charles T. Shavlin, a real estate dealer in Syracuse, has filed a petition in bankruptcy; debts, \$577,257; assets nothing. Of his debts \$528,333 are secured. The unsecured claims are \$50,375. The Episcopal diocese of central New York is a heavy creditor, but it is thought that mortgages the diocese holds will protect the sums loaned.

Silver Bullion Stolen.

Park City, Utah, May 14.—George Redsell and Albert Niles were arrested charged with stealing from the Marsaic refinery in that city \$15,000 worth of silver bullion. Redsell has been night watchman at the refinery, and Niles is his son-in-law. The greater portion of the bullion was recovered by the sheriff today at Niles' house.

Ex-Mayor in Pro-house.

Rushville, Ind., May 14.—Ex-Mayor Joseph A. Armstrong, 52 years old, sick and penniless and deserted by his family, yesterday evening became an inmate of the county poorhouse. Armstrong was twice elected mayor of this city and served six years and four months in that capacity.

Visible Supply of Wheat.

New York, May 14.—The statement of the visible supply of grain in store and afloat on Saturday, May 11, as compiled by the New York Produce Exchange, shows 45,761,000 bushels, a decrease of 907,000 bushels.

Edwin F. Chi Is Sinking.

Grand Rapids, Mich., May 14.—Edwin F. Chi, ex-ambassador to Germany, is gradually sinking and his death now seems to be a matter of only a few hours. All hope has been abandoned.

Burglars Escape with \$1,000.

Peoria, Ill., May 14.—Burglars entered the Thielbar shoe house of this city last night through a skylight, broke into the safe, and secured about \$1,000 in cash.

Killing Frosts in Iowa.

Burlington, Ia., May 14.—Killing frosts have been reported in southeastern Iowa.

RAILROAD ACCIDENTS.

Try to Wreck East Train.

Wyatt, Ind., May 14.—A mysterious attempt was made here to wreck the fast express on the Wabash railroad, ties being piled upon the track one mile west of this village. Robbery was undoubtedly the motive of the dastards, who are believed to have possessed knowledge of a large sum in transit. Unexpectedly the express was preceded by a heavy freight train which was running slowly and struck the obstruction with small damage. Detectives are here working on the case.

Two Die in Wreck.

New Orleans, May 14.—The south bound Illinois Central passenger train from Chicago jumped the track on the curve near Hazelhurst, thirty miles south of Jackson, at daylight today. The killed: C. E. Rose, Fulton, Ky., mail clerk; Tom Lee, fireman. Several have been injured.

THE DEATH RECORD.

Death of Walter Buell.

Rochester, N. Y., May 14.—Walter Buell, who was at one time associate editor of the Cleveland News and Herald, subsequently holding a similar position on the Detroit Free Press, died here today, aged 47 years. He had an extensive acquaintance in newspaper circles and was greatly respected by all who knew him.

Negro Killed by Mob.

Little Rock, Ark., May 14.—A mob of masked men went to a house occupied by Lee Key, colored, near Knoxville, Johnson county, last night, and at daybreak Key was found dead in the yard, having been shot. It is charged he had been terrorizing other negroes.

Veteran River Pilot Dies.

Louisville, Ky., May 14.—Captain Morton M. Richardson, for forty years a river pilot, died today, aged 90 years. From 1830 to 1870 he piloted various boats between Louisville and New Orleans. During the civil war he was pilot on federal gunboats.

Paid Bills and Shot Himself.

Gloversville, N. Y., May 14.—After dressing in his best clothes and paying all his bills, George W. Harden, the janitor of the Nathan Littaur hospital, committed suicide by shooting himself. Disappointment in love is said to have been the cause.

Four Burned to Death.

Dover, Me., May 14.—The farmhouse of Wesley Allen at Shoreley was burned last night and Allen, his wife, daughter of 14, and another person at present unknown, were burned to death. The circumstances are believed to point to murder.

Oklahoma Farmer Murdered.

Wichita, Kan., May 14.—John B. Forsythe, a well-known farmer of Kay county, Oklahoma, was found murdered in his house this morning. His family lives somewhere in Nebraska.

China Is Willing to Pay.

Pekin, May 14.—The Chinese plenipotentiaries sent to the ministers today their answer to the demand for 450,000,000 taels (\$327,000,000) which was made on May 8. The first paragraph states that China has not the slightest intention of trying to escape from the payment of her just obligations; that she is pledged to pay all the legitimate expenses of the allies and damages actually incurred by foreigners during the recent troubles, and will do so. The third paragraph sets forth that the resources of China are diminishing.

Love Drives Student Insane.

Laporte, Ind., May 14.—John Shepard, a student at the Indiana Normal School and a member of a prominent family at Danville, Ill., has been driven insane by being jilted by a young woman student. The attentions of Shepard for a time were to all appearances reciprocated. He was found roaming the streets crying aloud for the young woman. The authorities are holding Shepard pending advice from Danville.

Claims Animals Have Souls.

New York, May 14.—At the Church of the Ascension last night, Rev. Perry S. Grant preached a sermon on the topic, "Have animals souls?" during the course of which he said that both sentiment and logic went to prove that they did.

LATEST FOREIGN NEWS.

Dewet Resumes Operations.

London, May 14.—Gen. Dewet, according to a dispatch from the Daily Mail from Pretoria, has resumed operations and is reported to have crossed into the Transvaal with 2,000 men. At a banquet of the Cornish association held here Gen. Pois-Carew said: "At the beginning of the war, had the Boers fully realized their strength and our unpreparedness, we would have been driven into Durban and Cape Town and we would have presented the spectacle of reconquering South Africa from the seacoast."

Kin and Eat Their Child.

London, May 14.—The Vienna correspondent of the Daily News reports that the parents of a 12-year-old girl, residing in the village of Prassberg, Southern Styria, were accused of butchering the child and eating all of her body. They tried to burn the bones, and the discovery of the remnants of these led to their arrest. When confronted with the evidence of their crime they confessed their guilt.

Boers Are Busy.

Cape Town, May 14.—A force of Boers raided a store on Friday thirty miles from Richmond, Cape Colony. The yeomanry, including the recent drafts, have had a hot engagement at Scharpolsberg. They behaved splendidly. Subsequently the Boer commando moved south to West Greylingstad. Gen. Knox's and Gen. Elliott's columns are converging on this force, which is shirking a fight.

Report by Kitchener.

London, May 14.—General Kitchener telegraphs the war office from Pretoria as follows: "Greenfield has occupied Louistrichardt, taking fifty prisoners. Other columns report eight Boers killed, twenty wounded, 132 prisoners, and 24 surrendered. They also report the capture of a machine gun, 6,400 rounds of ammunition, 150 wagons, and 870 horses."

Unite Against Sultan.

Paris, May 14.—It is learned on trustworthy authority that unless the sultan of Turkey yields on the question of interference with foreign postoffices the powers probably will present an ultimatum in a few days, backed by a naval demonstration. The powers, including Germany, are acting in perfect union in this matter.

French Premier Returns.

Paris, May 14.—M. Waldeck-Rousseau, the premier, who left Paris April 11 to recuperate from the effects of his recent illness, returned to the city yesterday. It is announced that his health is completely restored.

Mrs. Botha to See Kruger.

Durban, May 14.—Mrs. Louis Botha, who has obtained consent to interview Mr. Kruger and urge him to advocate peace, sailed today for Europe, on the steamer Dunvegan Castle.

Going to Build

Whether you contemplate building at an early date or not, you should have a copy of "BAKER'S TWENTIETH CENTURY HOMES" It is the most complete book of Architectural Designs published.

Nearly 150 pages, printed on heavy enamel paper. It is not a theoretical book. Every design shown is from the actual working plans of buildings that have been erected under the direction of our supervising architect. Consequently it is practical in every respect.

It embraces subjects from an attractive cottage at a few hundred dollars to a modern, up-to-date residence, costing many thousands of dollars.

The perspectives are full-page illustrations while the floor plans are half-page sketches.

The descriptions are complete and easily understood; in fact it is an ideal book of practical, up-to-date designs and intelligent descriptions.

Like to present you a copy free of charge. If you could call at our office we would take pleasure in presenting you a copy free of charge. As this is not possible, we will send you a copy by express, charges prepaid upon receipt of only 25c, to cover cost of transportation.

MEET DEATH ON RIVER BOAT

City of Paducah Sinks and Twenty-Four Lives Are Lost

IN THE MISSISSIPPI RIVER.

Scene of Panic on Board When Terrible Disaster Is Apparent—One Victim, a Woman of St. Louis, Soon to Be Married.

Grand Tower, Ill., May 14.—The steamer City of Paducah of the St. Louis and Tennessee River Packet company, which left St. Louis Sunday for points on the Mississippi and Tennessee rivers, sank in twenty-five feet of water near Grand Tower at 10 o'clock last night. The disaster occurred almost without warning and the greatest confusion followed. Sensational reports were quickly circulated of terrible loss of life. First Mate Tobias Royal of St. Louis says there were but twelve passengers on board, two of whom met death in their cabins. Twenty-two of the crew, most of them negroes, have not been found. All of the officers were saved. The known dead are: Dr. J. W. Bell, Bell's Landing, Tenn.; Miss Mabel Gardner, St. Louis; Frank White, the clerk, and eight others reached the Illinois shore in safety. The loss is estimated as high as \$300,000. While backing out from Brunkhorst Landing the vessel struck a snag and five minutes later had gone to the bottom, having drifted meanwhile a third of a mile downstream. The hurricane deck remains above water, but all the staterooms are filled.

Deckhands Swept Down the River.
It is supposed that most of the missing deckhands, who were on the lower deck, were washed down the river. The boat lies down about 100 feet from the Illinois shore and appears to be a total wreck. The coroner, C. E. Knauer of Murphysboro, Ill., began holding an inquest. Divers are searching for more bodies. It is claimed the boat was overloaded, having taken on large shipments at nearly every landing after leaving St. Louis. The City of Clifton, in charge of Captain R. W. McCoy, passed the scene of the accident at 2 a. m., picked up the surviving passengers and crew and took them back to St. Louis.

Young Woman Soon to Marry.
The body of Dr. J. W. Bell, of Bell's Landing, Tenn., was taken out of his stateroom. The remains of Miss Gardner, on which was a visiting card reading "Mrs. Narry L. Allen, 3430 Eads avenue, St. Louis, Mo.," was recovered from her stateroom. Two friends traveled with the drowned woman, who started back to St. Louis on the steamer City of Clifton, said the young lady was engaged to marry Dr. C. A. Meredith, 3903 Lee avenue, St. Louis. Several hundred dollars' worth of jewelry was found on her body. Rev. A. M. Black, a Jewish rabbi, who was one of the passengers, said of the disaster: "Myself, wife and daughter Fannie took passage last night at St. Louis on the ill-fated vessel. Our household goods went by rail. I was in the salon listening to a beautiful girl playing on the piano, a girl who was to be married next Sunday, when the vessel went down without any warning. The sight that met our eyes as the struggling mass of human freight tried to save their lives was simply awful. The vessel was overloaded, having 160 passengers and over 30,000 bushels of corn. About seven miles south of Grand Tower more corn was taken on. When the crash came all was merriment on the vessel. Of those lost I think probably 75 per cent were colored and roustabouts on the vessel. The cargo was valued at \$500,000."

Indians Bury the Hatcher.
Park Rapids, Minn., May 14.—John Buddice, a reliable Indian from the Pine point country, has arrived and says a complete settlement is being effected of his tribesmen's difficulties with the logging companies. The Indians have consented to let the logs go upon the promise of the Commonwealth Logging Company of Frasee that a resale will be made. The Indians are disappearing and no further trouble is anticipated.

Governor Bliss Vetoes Bill.
Lansing, Mich., May 14.—Gov. Bliss has vetoed bills providing an annual salary of \$1,500 for the chief clerk of the house of representatives and the secretary of the senate, and appropriating \$17,500 for the purchase of additional land for the Eastern Asylum for the Insane. Bills appropriating \$135,000 for the College of Mines and \$70,000 for the state fish commission were approved.

Man Shoots Colored Doctor.
Topeka, Kan., May 14.—Dr. Herman, colored, was fatally shot by the members of a vigilance committee at 117 North Jefferson street. The trouble was the outgrowth of a scandal. Herman lived at the home of Mrs. George Hamler, whose husband died under Herman's care several weeks ago.

THE NEW BABY
Opens up a new world to the loving mother. If it is a strong, healthy baby that new world is a world of happiness. If it is a weak, fretful child the new world is full of anxiety. It has been proven in thousands of cases, that the use of Dr. Pierce's Favorite Prescription makes all the difference between strength and weakness in children. Healthy, happy mothers have healthy, happy children. "Favorite Prescription" gives the mother strength to give her child. It makes the baby's advent practically painless and promotes the secretion of the nourishment necessary to the healthful feeding of the nursing child.

"I have been using Dr. Pierce's Favorite Prescription and can say it is just what you advertise it to be," writes Mrs. Victor J. Radia, of Leonardville, Riley Co., Kansas. "I began taking it just two months before baby came and was greatly benefited by its use. The doctor who attended me said I did about as well as any one he had seen (as I was sick only about three hours), and also that your 'Favorite Prescription' was 'one patent medicine' which he did have faith in. We now have a darling baby boy, strong and healthy, who weighed nine pounds when born. During this month he has gained three and one-half pounds. Have never given him one dose of medicine."

OSHKOSH SENDS FOR SCHOOL PLANS

Want to Pattern Proposed New High School After the Style of the Janesville Building.

Janesville base ball enthusiasts will not have to wait until Memorial day to see a college base ball game. The almost invincible team from Beloit college will meet a strong nine from Knox college on the diamond at Athletic park next Friday afternoon.

Arrangements for the game were completed this morning and the deal was closed by Supt. George J. Hurd of the street railway company and Jack Hollister, athletic coach and manager of the Beloit team over the telephone. Supt. Hurd has been the means of bringing the game to this city his main object being to accommodate those lovers of base ball who will not attend the Memorial game. No other game is quite as interesting and exciting as one between rival college teams and Janesville is unusually favored by having two good games brought to a city which does not boast a college. Friday's game will be called at 3:30 o'clock. Both teams have been playing excellent ball this season and there will doubtless be a large attendance at the game, especially as the prospects are not very promising for many good games this season.

ART LEAGUE WILL ENTERTAIN W. C. T. U.

Reception Will Be Given in the Parlors of the Congregational Church Tuesday Evening.

The Janesville Art League will assist in the entertainment of the W. C. T. U. state convention which meets here next week by giving a reception in honor of the delegates on Tuesday evening. The local W. C. T. U. committee received the offer of this courtesy this morning and have very gratefully accepted the kindly hospitality of the Art League.

The reception will be given in the Sunday school room of the Congregational church Tuesday evening at the close of the program. All arrangements for the reception have been left in the hands of the following committee appointed by the League: Miss Charlotte Prichard, Mrs. Charles Tarrant and Mrs. F. A. Capelle.

TO ERECT HOMES IN SPRING BROOK

Ex-Mayor John Thoroughgood Getting Ready to Fill a Great Demand in That Suburb

Ex-Mayor John Thoroughgood is contemplating erecting a number of houses in Spring Brook near the Choate-Hollister factory. The steadily increasing demand for houses in this section of the city has led Mr. Thoroughgood to believe it would be a good plan to erect a number of new houses there in order to furnish homes for the men employed in the furniture factory and also in the canning factory.

He has secured plans for eight houses and will commence work on them in a short time. Mr. Thoroughgood is a firm believer in the motto "that nothing succeeds like success" and intends to do all he can to build up this part of the city, which he believes in a year or two will be covered with flourishing industries. It is without doubt the finest location for factories in the city.

With the Janesville & Southeastern railroad when it is operation and the Chicago & Northwestern running through its center its shipping facilities are unexcelled. The new electric road line will make it easy of access, so that it has all that a manufacturing center could ask for.

ARE WOMEN INFERIOR?

An Old Question Considered in the Light of Well Known Facts.

For ages mankind has been distracted over the relative status of the sexes. The majority of men have held that the opposite sex is inferior to their own. That this is true physically does not admit of question, but their mental relation is not so apparent. If one looks afresh the conclusion comes that woman's physical inferiority is the result not of sex, but of something wrong in their manner of life. Among the savages the strength and endurance of woman seem to equal those of man, and as a general rule her lord and master allows her the privilege of doing the hardest work and bearing the heaviest burdens. A Mexican woman tills the ground, attends to the household, looks after the children and when migrating to another place trudges off with a load of goods and chattels on her shoulders and the younger members of the family perched on the top of all. In Germany women work beside their husbands on the farms and apparently are as capable of doing so. In Austria one sees women employed as masons' laborers, and in carrying bricks and mortar. In France one constantly sees women digging trenches, carting seaweed for manure and doing all the heaviest work of an agricultural laborer. From these facts it seems that when woman is physically man's inferior the fault lies in her method of life, which somehow causes physical degeneration. There seems to be no real reason why a healthy woman should have less power of endurance than a man of the same size and development. Perhaps "women's weakness" might more justly be termed "women's follies," for it seems an undoubted fact that medical men would have comparatively little to do if it were not for the injury that women foolishly or ignorantly inflict upon themselves and which the doctors are called in to repair.—Chicago Chronicle.

The Cost of a Pair of Shoes

is generally estimated to the quality of stock and workmanship put into them. Now there's any amount of manufacturers who try and put as little of these two elements into a shoe and still have it look like one. There is just the difference between the "good" and the "poor" shoe.

Quality and Workmanship

With the best only can your feet be properly and comfortably fitted. Such lines as Hanan & Sons, and John Foster & Co's, are everywhere sought by the people who believe that the Best is the Cheapest. It means a good, nice, time looking foot all the time and at the end of the year more money in your pocket book.
